## Industrial Vastu

Each industry has a unique pattern or process and machinery. Even after years and years of company function if you are not getting results as expected. There are times when industries go in huge losses for years together. The important areas to look upon is resource, production, growth in such cases.

Brahm Vastu segregates the areas such as departments, machinery, land, employees, finance and works on each segments closely to find the root cause with separate methods as every industry has different plans and goals and problems.

## Commercial Vastu

We have observed many businesses opening in prime commercial spaces, yet they still fail to attract customers due to an uncomfortable atmosphere. After pouring a hefty investment into their space, the business doesn't get its deserved attention, which in turn, results in a loss for the owner, and an inconsistent atmosphere throughout.

By understanding the Vastu Shastra guidelines, Brahma Vastu helps in the correction and proper layout of buildings so that the energy field is optimized to increase monetary profitability and will quench the inconsistencies as well as bringing peace of mind, an attraction of attention, and overall charm.

## Educational Vastu

### **Educational Institutions are the foundation of a nation**

In any educational institution, a Vastu influence and the embraced use of Vastu principles will be reflected in the faster progress of the students, a peaceful ambience, and a more professional feel to the space of the school.

Brahma Vastu's experience and principles in an educational institution can and will play an important role in the success of the institute as well as the students and teachers. Many schools and notable colleges and universities advancements are reflected not only in their overall academic performance, but also their architecture and organization, which Brahma Vastu specializes in improving.

## Vastu Remedies

Dr. Santosh Mishra has expertise in giving beneficiaries, by following Brahm Vastu principles. Most of the remedies are followed by the process of old time Vedic Methods. But as things and generations have changed so Vastu Shastris Dr. Santosh Mishra uses Brahm Vastu formulas in different levels, in which he

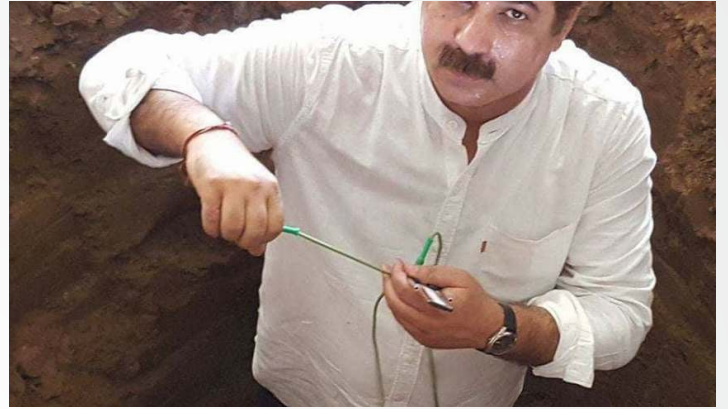

- Clears the stress of the land
- Cleans the impurities of site
- Cleans the energy of land using vedic methods and new science logics.

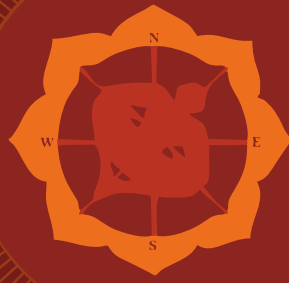

For old construction site, without disturbing existing structure of site using Metals, Stones, Colors, Symbols & Placements we focus on balancing the energy levels.
